

OOHS

# Business Corner

Volume 1, Issue 1

September 2013

## Technology in the classroom

The Business & Marketing classes will be using Schoology, MyOLDS and Google Drive throughout the semester to engage students in the learning process, conserve resources (printing especially) and utilize technology that teens seem to be interested in! Students will need to know their passwords to be able to use these websites frequently.

Have an idea for  
our classes?

Want to be a guest  
speaker (or know a  
business person  
who might)?

Have a question?

### Contact us!
